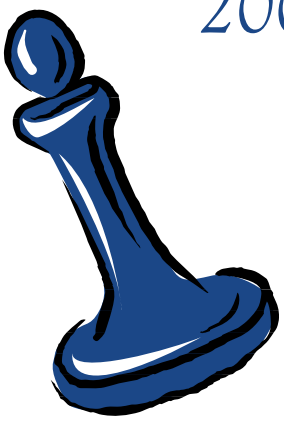
Your Benefits Your Move

Retiree Benefits Summary 2002



CITY OF LONG BEACH

Inside Front Cover

To City of Long Beach Retirees

Another year has passed and it is once again time to evaluate your personal needs and make new retiree health care benefit decisions for 2002. We invite you to get in the game as The City of Long Beach introduces this year's program theme: *Your Benefits. Your Move*.

Choosing the benefits that are right for you requires care and attention, strategic thinking, and a certain amount of homework. It's not a simple roll of the dice; so don't leave it to chance. Take the time to read your printed materials to learn what's new and different. Open enrollment is your once-a-year opportunity to make your move.

This brochure is designed to help you choose the retiree medical plan that's right for you for 2002. It highlights key features of the new *PPO Value Plan,* as well as the other medical plan options offered to you as a City of Long Beach retiree. If you have questions after reading this brochure, please contact the Human Resources Department.

Some Things Have Changed

Higher Premiums for Medical Plans

Rising health care costs threaten to knock the City off the board when it comes to providing quality medical plans for our retirees. To deal with these increasing cost trends – which average 20% for prescription drugs alone – the City needed to take corrective action. As a result, you will see higher premiums for some of your retiree medical plan options for 2002. Plan copayments, including those for prescriptions, have also increased.

Retirees who select the PPO High Plan will see the greatest cost increase, as this Plan is the most expensive for the City to provide. To give our retirees an affordable alternative, the new PPO Value Plan is being introduced. Compared to the PPO High Plan, the PPO Value Plan provides much of the same protection, while preserving your ability to choose from a large list of participating doctors and hospitals while keeping your monthly cost affordable (less than the PPO High Plan). And, if you can get by with less coverage, the PPO Low Plan offers an even lower premium.

New PCS Coverage for all Great-West Life Plans

All Great-West Life POS and PPO Plans will now have prescription drug coverage through PCS. The copayment will be $5 for generic drugs; and $15 for brand-name drugs. More than 90% of pharmacies across the country are participating PCS pharmacies.

Emergency Room Copay Change for POS Plans

A $50 in-network emergency room copayment will apply to the Long Beach Choice and Great-West Life POS Plans.

Improved Preventive Care Maximum for PPO Plans

All Great-West Life PPO Plans will now have a $250 annual maximum for preventive care expenses, up from the current $100 maximum.

(Continued)

PacifiCare of California Changes

Here are some of the changes that apply to the PacifiCare High Plan for 2002:

- The copays for prescriptions will now be $5 for generics; $15 for brand-names; and $25 for non-formulary.
- The office visit copay will be $10.
- The emergency room copay will be $50.
- The copay for chiropractic care and acupuncture will be $10.

Here are some of the changes that apply to the PacifiCare Low Plan for 2002:

- The copays for prescriptions will now be $5 for generics; $15 for brand-names; and $25 for non-formulary.
- The office visit copay changes to $20.
- The per admission copay for hospitalization changes to $250.
- The copay for chiropractic care and acupuncture will be $15.

Secure Horizons

The copays for prescriptions under the Secure Horizons plan will now be $5 for generics; and $5 for brand-names.

Note: Not all of the changes are outlined here. For a complete listing, refer to the summary grid for your selected medical plan.

For those who are under age 65 and not eligible for Medicare, the City offers:

- Two POS Plans (Long Beach Choice is for those living in the greater Long Beach area; The Great-West POS Plan is for those living elsewhere, if available in your area)
- Three PPO Plans (Great-West Value Plan; Great-West High Plan; and Great-West Low Plan)
- Two HMO Plans (PacifiCare High and Low Options)

For those age 65 or over and those who are eligible for Medicare (including the disabled), the City offers:

- A Medicare Supplement Plan (administered by Great-West Life)
- A Medicare Risk HMO Plan (PacifiCare Secure Horizons)
- Two Medicare-Coordinated HMO Plans (PacifiCare High and Low Options)

The City also continues to provide two Dental Plan options to eligible retirees—the Delta Dental managed indemnity plan and the PacifiCare prepaid dental plan.

Please refer to the appropriate comparison table in this booklet for plan information. We encourage you to take the time to compare your options and choose the plan that best meets your needs. *Remember, if you or your spouse will turn 65 at any time during the coming plan year, be sure to factor this into your decision for 2002.*

Sincerely,

Deborah R. Mills
Employee Benefits & Services Officer

Comparison of Medical Plan Benefits For Retirees Under Age 65 and Not Eligible for Medicare

This table summarizes benefits for each of the City's medical plans. Note that the Long Beach Choice POS Plan and Great-West Life POS Plan provide the same coverage. However, the cost of coverage varies for each plan. Plan year deductibles are the amount you pay each year (where applicable) before your plan begins paying benefits.

Notice to Participants

New Federal laws impose certain requirements on group health plans. Under these new Federal laws, collectively referred to as HIPAA, a group health plan is limited in imposing pre-existing conditions; must offer employees and dependents the opportunity to enroll in the plan outside of open enrollment periods in certain situations; cannot discriminate on the basis of health status with respect to eligibility for plan participation and premium costs; cannot impose discriminatory lifetime or annual benefit limitations for participants with mental illness; and must permit hospital admissions (if otherwise covered by the plan) of at least 24 hours in the case of normal deliveries and 48 hours in the case of Cesarean Sections.

With respect to many of the above restrictions, the City of Long Beach is currently in compliance with State law requirements and many of the HIPAA requirements under Federal law. Further, the City of Long Beach does not discriminate on the basis of health status with respect to eligibility for health plan participation or premium costs.

As part of the new Federal law, plan sponsors of non-Federal government plans can elect to be exempt from the above-mentioned requirements. The City of Long Beach has elected exemption from HIPAA requirements for the plan year beginning December 1, 2001 and ending the following November 30, 2002.

Special Assistance

This Retiree Benefits Summary information is available in an alternate format by request to the Department of Human Resources and Affirmative Action. If you need any special assistance or special materials to clearly and fully understand all of your benefit options, please call (562)570-6621. We would be more than happy to assist you in any way we can.

Special Notice

This Benefits Summary reviews health and dental benefits for the City of Long Beach, but it is not a contract. Full details about the benefits are provided in legal plan documents and insurance contracts that govern the program. If there are differences between this Benefits Summary and those documents and contracts, the legal documents will control.

The actual plan documents may be inspected upon written request to the Employee Benefits & Services Officer at least 10 days prior to review. A copy of the entire plan document(s) may be obtained in the same manner for a 25-cent per page copying charge.
